## School Advisory Council

Welcome to the School Advisory Council of Lake Alfred Polytech Academy.

What is the School Advisory Council?

The School Advisory Council (SAC) is a team of people representing various segments of the community—parents, teachers, students, administrators, support staff, business/industry people and other interested community members. The purpose of a SAC is to assist in the preparation and evaluation (developing and evaluating) of the results of the school improvement plan and to assist the principal with the annual school budget. Additionally, SAC receives funds “to be used at the discretion of the School Advisory Committee. A portion of the money should be used for implementing the school improvement plan.” “The improvement plan shall include performance indicators which are measurable.” “Funding for use by the School Advisory Councils should be allocated directly to the School Advisory Councils, should be clearly earmarked for their use and is not subject to override by the Principal or interim approvals by school district staff. These moneys may be expended only on programs or projects selected by the school advisory council. These moneys may not be used for capital improvements.”
