

Fab Lab is Open for Business

Get to know the wonders of our Fab Lab Business Division where we have amazing tools at our disposal to create almost any project that you can imagine. From our CNC ShopBot router to create huge signs and birthday decorations in plywood, to state-of-the-art laser cutters to craft custom-made engravings and keychains in wood or acrylic. No project is too big or too small for our capabilities.

Please visit us at our website to learn more and browse our products catalog at:

<http://lapaonlinecatalog.weebly.com>

(You may submit orders with the digital order form available on the website)

All monies collected go towards our Fab Lab fundraiser which allows us to keep the Fab Lab going strong for our students. So, if you have the creative bug in you and wonder if you can "CREATE IT", let us know. We would be glad to assist you.
